Feedback Analysis Report

Feedback from students are collected through a structured questionnaire which consists of 15 questions on various curricular aspects in 5 point scale ranging from 4 to 0 in descending order their satisfaction. The results of the analysis of the survey shoes an average score of 3.37 out of a total score of 4 indicating a higher level of students' satisfaction in terms of curriculum aspects

Feedback is also collected from the teachers regarding the course curriculum and progress in the class and appropriate corrective measures are taken through regular meetings with faculty and follow up action.
